A finished action with no result in the present	A finished action with a result in the present

9

Comparative: similarity

Use the structure **as + adjective + as** to say if something has, or doesn't have, the same amount of that quality as something else

10

Comparative: similarity

- She loves curry as much as I do.
- I have as many friends as you.
- He's not as tall as his brother.

11

Comparative: short adjectives

- use comparative adjectives to show change or make comparisons;
- use than when comparing one thing with another

12

Comparative: short adjectives

- Add -er to one-syllable words to make comparatives:

- Old Olderer

- Tall Tallerer

- *He is two years **older than** us.*

13

Comparative: short adjectives

- If an adjective ends in -e, we add -r:

- ✓ They are nicer than my cousins.

- If an adjective ends in CVC, we double the consonant:

- ✓ My car is bigger than my old car.

14

Comparative: long adjectives

- use more to make comparatives for most two syllable adjectives and for all adjectives with three or more syllables
 - ✓ Beautiful **more** beautiful **than**
 - ✓ Intelligent **more** intelligent **than**

15

Zero Conditional

- This conditional is used when the result will always happen:
 - ✓ Universal truths
 - ✓ Scientific facts
 - ✓ General ideas

16

Zero Conditional

- We can make a zero conditional sentence with two present simple verbs: one in the 'if clause' and one in the 'main clause':
 - ✓ Snakes **bite** **if** they **are** scared
 - ✓ **If** babies **are** hungry, they **cry**

17

First conditional

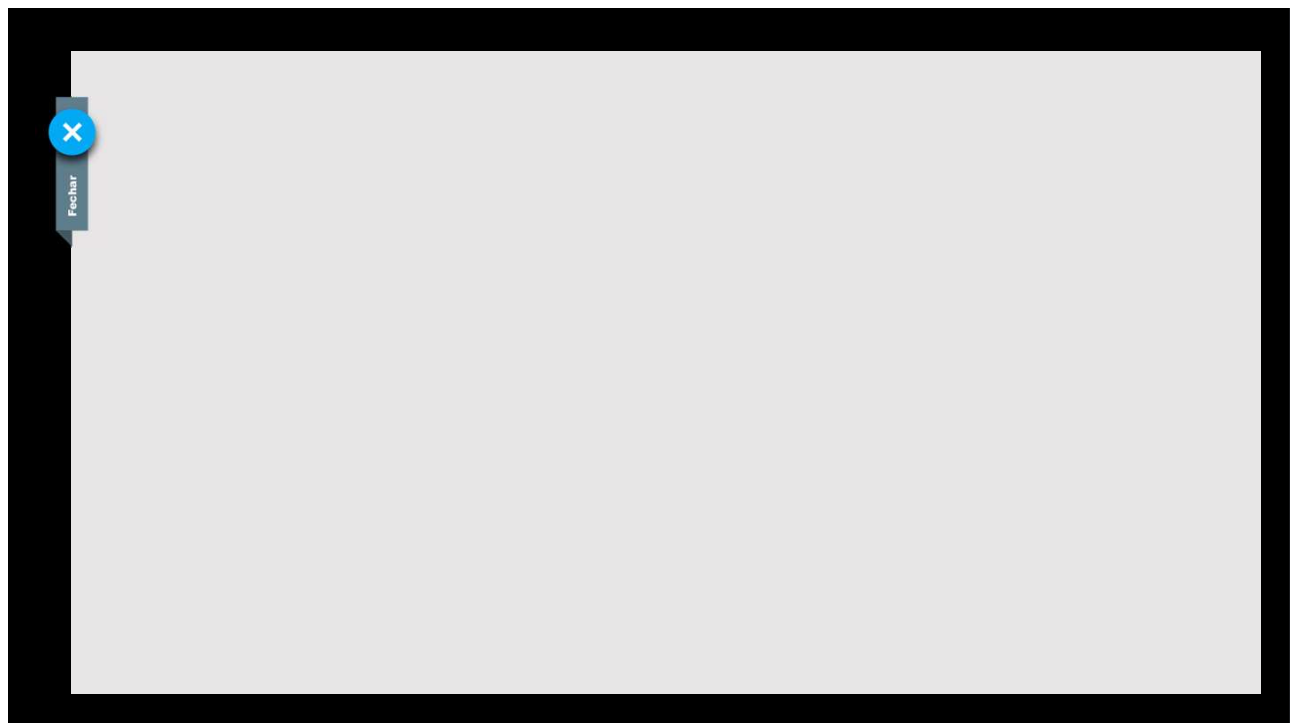

- Used to talk about things that might happen in the future;
- This describes possible things, which could easily come true.

18

First conditional

- The first conditional has the present simple after 'if', then the future simple in the main clause:
 - ✓ If it rains, I won't go to the park.
 - ✓ If I study today, I'll go to the party tonight.
